# TOP 10: HALLOWEEN MOVIES

STORY BY ELILAI DAVIS

CORALINE

The movie has a great storyline, and while it may be creepy to some, I believe the movie is thoroughly enjoyable. I like how detailed it is considering the fact that it's a claymation, the colors are simply amazing.
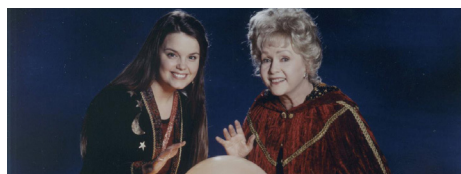

THE NIGHTMARE BEFORE CHRISTMAS

The movie adds a twist on Halloween & Christmas. I like the fact that they took two different seasons and celebrations, and put them into one, while giving a perspective of what Halloween characters think of the rest of the world.

CORPSE BRIDE

I like the fact that it isn't the typical love story and still at the same time, gives off that romantic feeling while still being slightly creepy. It is also a very funny movie and has amazing songs to sing along to.

HALLOWEENTOWN

This movie really makes me think of how much I enjoyed Halloween when I was younger. Even watching this when I was 8 would make me excited for Halloween. Every time I see it, I wish I could go to Halloweentown every year.
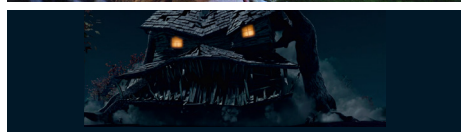

TWITCHES TOO

When I was younger, this used to be my absolute favorite movie. I thought the plot and the powers and just the explanation of the sisters, how they came to be, and the challenges they faced were really cool.

BEETLEJUICE

I really like the characters of this movie and how they all have their own stories/backgrounds. The costumes are also superb.

MONSTER HOUSE

As a kid, I loved this movie. The fact that the house literally came alive makes it a little scary. It's the perfect movie to sit & watch with friends.

HOCUS POCUS

The movie has a lot of silly moments and a somewhat weird sense of humor. The witches in it really make the movie!

THE HAUNTED MANSION

I like how they included ghosts, but portrayed them a little less creepy and actually made the movie funny & entertaining while still giving off the feeling of Halloween.

ADDAM'S FAMILY

It has a dark sense of humor, but I honestly think that it made the movie even better.
