

JEANS

Jeans are a staple for colder weather, but finding a comfy pair can be a challenge. Topman and Forever 21 have a great range of jeans that provide both comfort and style. Looser fitting jeans have boomeranged back in style after the skinny jean fad, which I think look great cuffed at the bottom and styled with white tennis shoes.

BOOTS

To keep those toes toasty, a fashionable pair of boots can do the trick! Chelsea boots are easy to slip on and look great for both casual and formal outfits. Laced boots give a more rugged look and are easy to compliment with a pair of your favorite jeans.
